Dear Nicole Miller,

This is CPA's response to the request for additional information dated April 11th, 2012, with respect to a 48 hour report our committee filed on February 15, 2012, for an independent expenditure first disseminated to the public on January 18th, 2012. As the request letter accurately states, our committee filed a miscellaneous report on February 15th, 2012, at the same time that we filed the 48 hour report, explaining that a breakdown in communication between our vendor and the Treasurer resulted in the tardy 48 hour report. The committee promptly filed the 48 hour report (well in advance of the March 6th, 2012 primary) as soon as the omission came to our attention.

Sincerely,  
Jonathan Martin  
Treasurer
